draft Statement of Basis

Demetra:

This e-mail is in response to EPA's request for a letter of concurrence from DEQ regarding the remedy selection at UNIVAR. DEQ concurs with the proposed remedy. Rob Tobin sent the attached review comments to Bill Lowe in April. Mike Felix subsequently talked to Bill Lowe and told him that DEQ concurred but DEQ did not send formal correspondence to that effect. If EPA needs something more formal than this e-mail Please let me know.

I realize you are leaving, but I thought it best to send this to you and let you forward it to the appropriate person.

Thanks.
